

Cézanne's Inspiration & Colors of Provence

3 days workshop from 9am to 1pm

Day 1 : Still Life at the Studio

Bathed in the gentle light of Provence, everyday objects come alive. Guided by Cézanne's spirit, you will explore the balance of forms and the magic of colors, in an atmosphere where every brushstroke becomes pure poetry.

Lauves workshop

Day 2 : In the Master's Footsteps.

At the Lauves workshop ,
Cézanne's soul still
lingers among
easels and forgotten
palettes. Then, at
the heart of
Bibémus Quarry,
ochre cliffs and
centuries-old pines
will surround you
with raw energy,
where every stone
seems to tell its own
canvas.

Splashes of Water & Ochre.

Day 3 : Travel Sketchbook in Aix

Whispering fountains, cobbleled streets, and sunlit façades... the old town of Aix-en-Provence becomes a living jewel box. With pencils and watercolors in hand, you will capture the essence of this elegant city, between sparkling waters and monuments steeped in history.
